REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The claims are allowable over Japanese patent document JP-6-186275 which fails to teach the specific combination of the contact layer and the transparent conductive layer formed over a cushion layer, as claimed. Nor does the reference teach all of the claimed compounds used in the invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Edward Wojciechowicz whose telephone number is 571-272-1739. The examiner can normally be reached on Monday through Thursday.
